The Graduating Class of 2021's Letter to the Administration

Dear Mr. Loprete, Mr. Hehn, and Dr. Daly,

The class of 2021 would like to take the opportunity to thank you for all you have done on behalf of our class. Especially throughout our final year in high school, we as students were able to see the abundance of effort you all put into attempting to make our year as normal as possible. You are each unparalleled in your endeavors to support your students and watch them grow as individuals. Your persistence, loyalty, and dedication allow each of you to thoroughly fulfill the roles of Principal, Assistant Principal, and Superintendent.

Our class acknowledges your efforts to be present in both our academics, as well as our social lives through school extracurricular activities. Although this year is unlike any other, we appreciate your willingness to still make this year special and unique for the senior class of 2021. We recognize that the roles and responsibilities you carry out are no simple task; we truly appreciate your dedication to NRHS throughout our time here.

This year has taught us resilience, patience, and perseverance. Thanks to the administration and faculty here at the high school, the building has molded us into the individuals that we are today. These qualities all emerge from your guidance and your ability to put forth your best effort into assisting your students. We will carry these values with us wherever life takes us.

Thank
you!

Thank
you!

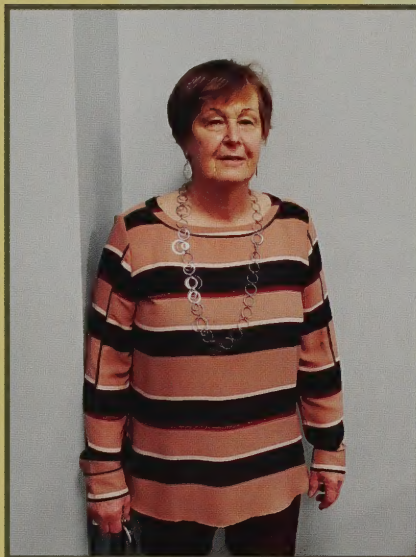

Mr. Loprete, as our Principal, we would like to thank you for your dedication to making our school a welcoming and inclusive environment. Your passion towards the well being of your students allows us to flourish as individuals and establish characteristics that will lead us towards success after high school. Your ability to make our ideas into reality, especially throughout this past year, does not go unnoticed.

Mr. Hehn, as our Assistant Principal, we would like to thank you for welcoming us each and every morning as we enter the high school building. You always present a positive attitude which is contagious throughout the student body. Your loyalty to North Reading High School and your ability to make our years here memorable will not be forgotten.

Dr. Daly, as our Superintendent, we would like to thank you for your dedication to the North Reading community. We understand that your first year here was not the easiest, and your efforts have not gone unnoticed. Even with the presence of Covid-19, you have made it possible for us to feel safe within the school environment, and we would like to thank you for that.

Congratulations Mrs. Staples!

The NRHS faculty, student body and community wishes you the absolute best in your future. We want to thank you SO much for your 26 years of dedication in the main office, but also for your friendship loyalty and welcoming personality. The main office has always been a happier place with your presence and your help when anyone is in need. You have always been a problem solver and can ease anyone's anxiety when in need of a solution. NRHS will truly miss the routine of seeing you everyday, but we hope that your future brings you exactly what you desire. Thank you Mrs. Staples for all your hard work, we will miss you!

Sports in a Time of COVID-19

"It was weird playing without a crowd at first, but luckily for us we could have our parents come to our games and people could stand outside the fence at the track."

-Sam McGeachie

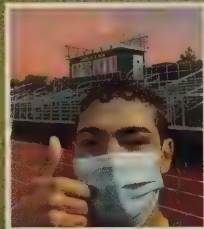

"For soccer we were allowed to have two spectators each, which made the games much more exciting. I'm very thankful we were able to have a few people watching each game."

-Katelyn Gorgenyi

"Having to stay 6ft apart during matches had definitely changed how we play volleyball. We aren't allowed to get together after points and huddle up to help each other out. When we have time outs, we have to go and sit in a chair that is designated to us and an appropriate distance from the other players. It makes us feel a little disconnected from each other because we are used to being close together and supporting one another."

-Elizabeth Kelly

"It's definitely a different type of game. I play field hockey and the 7v7 was a challenge, but do-able. Wearing a mask however is fine, just learning how to catch your breathe and pacing yourself is an experience in itself."

-Emma Borland

"Practices were definitely different from what we were used to. Since the team was already very close, it was difficult at first to remain distant and change how we warmed up, but we got used to it."

-John Tramontozzi

"It was sad to not have our last sectionals and states, but personally the biggest loss were the practices leading up to them which were always the most fun and with my favorite people."

-Brianna Saunders-Correa

CONGRATULATIONS TO MY SON, FRANKIE
!

I am so glad you were born. I am so glad you are a boy. And I am so glad you are my son,

I watched you play baseball, soccer, lacrosse, and finally settle into Hockey, fueled with a passion and love for the game.

I remember bringing the goalie net into the living room, and you smashing pucks off the walls, and us laughing about it.

Your dedication, commitment and training for hockey will serve you well in any future endeavor you choose, knowing that skill development, in any field, comes from dedication and hard work.

Never forget that life is filled with hard times and good times. Learn everything you can and be the man I know you can be.

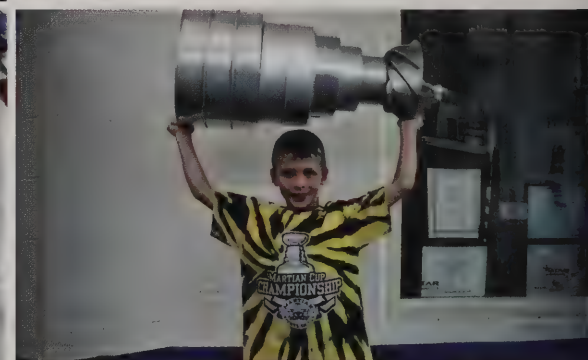

I hope you believe in yourself, as much as I believe in you. I am so proud of you.

Remember, Never, Never, Never, Never, Give up. God will always guide you.

God Bless you and may your life be filled with happiness, friendship, compassion, and love.

Love from Ali, Laura, Nathania, Casey, and Julia with the Angels,

I love you son. with all my heart.
Thank you for the great memories.
Your loving father, DAD.

Leyla Rzakhanov

Congratulations Leyla!

We are very proud of you and excited to see what comes next in your journey. You are an amazing, bright, unique and kind person who has a very exciting future ahead. We wish you happiness and success in anything you decide to do.

SCHOOL REIMAGINED

The story of this school year really starts in March 2020. As news of COVID-19's arrival in the U.S. spreads, schools close and "virtual learning" begins. At first, the closings are temporary, but as COVID-19 cases increase, most schools shut down for the rest of the year. Teachers must find ways to educate students and schools find ways to support community needs without meeting in person.

President Trump encourages states to send children back to school full time in the fall, but as COVID-19 outbreaks continue, school districts choose between "distance learning" (students at home all the time), "hybrid learning" (students in school some days and at home other days), or full time in-person learning. Changing virus statistics and state policies lead to a patchwork of on-off school sessions and activities around the U.S.

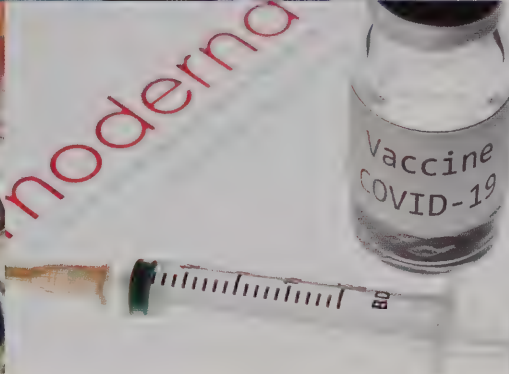

COVID-19 VOCABULARY

CURBSIDE PICKUP: avoiding entering stores or restaurants. **DRIVE-THROUGH TESTING:** COVID-19 testing sites with as little personal contact as possible. **FLATTEN THE CURVE:** slowing the spread over time. **MASKING:** wearing a cloth or surgical face mask covering mouth and nose. **PPE:** Personal Protective Equipment like masks and latex gloves. **SHELTERING AT HOME:** staying at home except for necessary errands or exercise. **SOCIAL DISTANCING:** staying at least 6 feet away from others. **SUPERSPREADER:** gatherings that result in numerous cases.

NO HUGGING GRANDMA

Grandparents and other older relatives are at higher risk of serious COVID-19 effects, so families work hard to keep them safe by staying away. This proves a hardship for everyone, especially on holidays and special occasions. FaceTime, Zoom and Skype allow relatives to at least talk face-to-face when they cannot be together and help lessen feelings of isolation and loneliness.

VACCINES DEVELOPED

Over 140 possible COVID-19 vaccines are in development by December 2020, the shortest vaccine development timeline in history. The first two to get U.S. approval use the COVID-19 genome to create messenger RNA (mRNA), leading host cells to create COVID-19 spike proteins and the resulting antibodies. Vaccinations start in December.

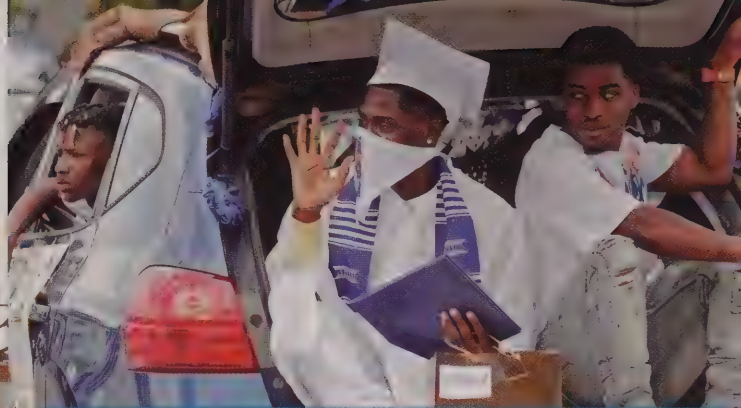

CITIZENS DELIVER PPE

As the number of COVID-19 cases rises dramatically in Washington state, New York City and New Jersey, hospital staffers and nursing home workers face shortages of Personal Protective Equipment (PPE). State governments struggle to meet the needs of healthcare professionals, and ordinary Americans rush to help.

COVID-

A NEW KIND OF DANCE

With school dances cancelled due to school closures and COVID-19 concerns, teens find other ways to celebrate, such as formal-wear photo shoots and mini homecoming dances at their homes.

DRIVE-BY PARTIES

Across North America, people take to their vehicles to connect and celebrate without violating social distancing rules. Drive-by baby showers, birthday celebrations and even graduations become the norm.

QUARANTINE COMPANIONS

Dog and cat adoptions increase dramatically, probably a result of families and individuals spending more time at home. In many states, animal shelters actually run out of adoptable pets.

THANK YOU ESSENTIAL WORKERS

Stay-at-home orders did not apply to “essential” or “front-line” workers who include teachers, medical personnel, firefighters, utilities workers, law enforcement officers, military personnel, meat packers, farm workers, grocery employees, and countless others.

In New York City, residents show their appreciation for health care workers by applauding every evening. “Thank you” signs appear throughout the country.

SPACE X LIFTOFF

In the first NASA partnership with a private corporation, Elon Musk's Space X company, the first astronauts head to the International Space Station. Lifting off in Space X's "Crew Dragon," U.S. astronauts go into orbit on a U.S.-built rocket for the first time in nine years. They will spend six months in space, joining another NASA astronaut and two Russian cosmonauts.

TITLE VII LAWSUIT

The U.S. Women's National Soccer Team's claim that their working conditions are not equal to those of the U.S. Men's Team leads to a settlement in their favor. U.S. Soccer agrees to provide both teams with comparable charter flights and hotel accommodations, along with staffing numbers.

MAIL-IN VOTING

Despite COVID-19 restrictions, a record number of people vote in November, as states allow more early voting or voting by absentee ballot. Counting absentee ballots delays election results for days, leading some to challenge the results and demand state recounts. Eventually, all 50 states certify election results and Joe Biden is declared the official winner of the presidential election.

VIRAL VIDEO PROMPTS PROTESTS

Citizens protest after the posting of a video of Minneapolis, MN resident George Floyd's death while in police custody. The video goes viral, prompting protests in cities across the United States, Canada and the globe, including England, Germany, Denmark, New Zealand and Japan, among others.

SUPREME WOMEN

Supreme Court Justice Ruth Bader Ginsburg, path-breaking Associate Justice of the U.S. Supreme Court, dies of cancer in September. Ginsburg, one of nine women entering Harvard Law School in 1956, argued six landmark gender discrimination cases. President Trump nominates Amy Coney Barrett to replace Ginsburg, making her the 5th female associate justice.

OLYMPICS POSTPONED

The Tokyo Summer Olympics are postponed until 2021, but that is good news for young athletes such as gymnast Konnor McClain, who was too young to compete in the 2020 games but will turn 16 in time to compete in 2021. This is the first time that the Olympics have been postponed since WWII.

ALPHABET OF STORMS

The November formation of Tropical Storm Theta, the 29th tropical storm of the 2020 season, makes the Atlantic storm season the most active on record. The predetermined list of 21 names based on the Roman alphabet ends with "Wilfred" on September 18th. Although hurricane names have gone into the Greek alphabet before, "Theta" marks the first time storm naming delves that far into the secondary alphabet list.

FIRES RAGE

The United States experiences a record-setting wildfire season. According to the National Interagency Fire Center, over 10 million acres burn in 2020, fueled by record heat combined with tropical storm-related thunderstorms pushing into the West. In the process, they destroy 10,500 buildings in California alone. On Sept. 8 and 9, the skies along the western coast of the U.S. turn an unearthly shade of red-orange because of nearby fires and smoke.

TRAVEL CURTAILED

Airlines lost more than 50 percent of their normal business in 2020, as passengers avoided congested flight conditions and many tourist destinations, like Disneyland and Walt Disney World, shut down temporarily. Airports emptied. In response, airlines cut flight schedules, furloughed employees, and advertised new safety procedures. Forbes reported that travelers viewed Delta as the safest airline because of procedures such as leaving middle seats empty and restricting capacity. Some airlines continued to fly full flights, despite research showing airborne virus transmissions.

HEADLIN

CIVIL RIGHTS ICON DIES

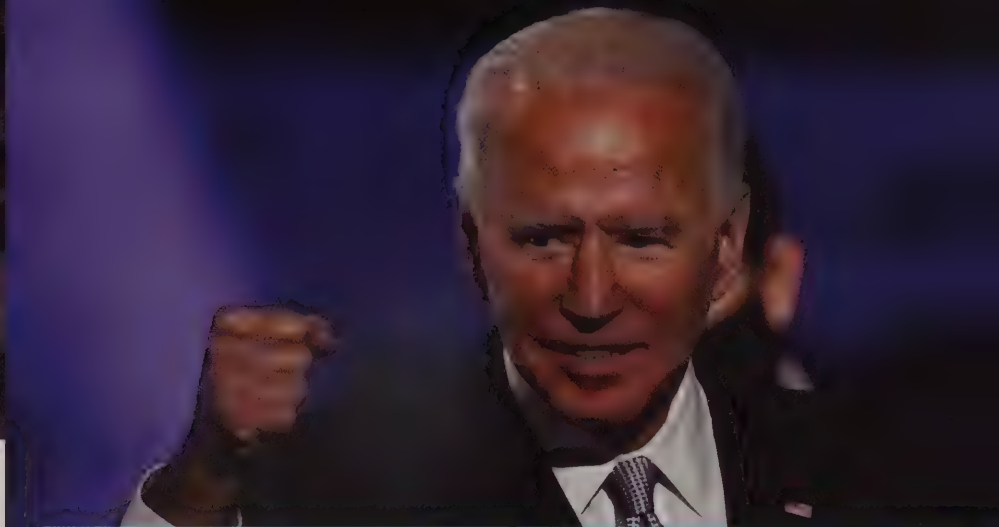

John Lewis, Congressman from Georgia and veteran civil rights leader, dies in July. As a young man, Lewis led the Student Nonviolent Coordinating Committee and was also a Freedom Rider in the 1960s.

STOCK ROLLER COASTER

COVID-19 affects the stock market throughout 2020. The Dow Jones Industrial Index falls almost 8 percent on March 10th and then 10 percent on March 12th, 2020, as news of COVID-19 spreads and oil prices fall. Still, stock prices climb overall for the year and the Dow Jones Industrial Average sees an overall return of over 8 percent as of December.

IES

46TH PRESIDENT

Joseph R. Biden becomes President of the United States after record voter turnout in this one-of-a-kind pandemic election. Due to the large numbers of absentee ballots cast, media outlets do not declare Biden the winner until the Saturday following the election. Although Biden leads the popular vote by 5 percent, sitting President Donald Trump challenges state-level results with multiple lawsuits, and civil unrest occurs at the capitol on January 6 as electoral college votes are being tallied. Nonetheless, Biden proceeds with his transition team, naming an all-female White House communications team and pledging to name the "most diverse cabinet in history."

VICE PRESIDENT HARRIS

Kamala Harris, the daughter of immigrants from India and Haiti, becomes the first African American and Asian American woman to win the Vice Presidency. Harris previously served as a California U.S. Senator and Attorney General. Her husband, Doug Emhoff, will also be a first – the first "Second Gentleman" of the United States.

SUPER BOWL 55

Tampa Bay wins their second title, defeating the Kansas City Chiefs, as the Buccaneers' defense and quarterback Tom Brady dominate. The match-up was a battle between the greatest quarterback of all time and the current best, Patrick Mahomes. At 43 years old, Brady is the oldest player to ever play in the Super Bowl. The game is his 10th Super Bowl and he set NFL records with this seventh win and fifth MVP. The halftime show featured entertainer The Weeknd.

ADJUSTED SPORTS SEASONS

Decisions about sports cancellations or delays are left to local governments and school districts, leading to agonizing back-and-forths. Student athletes, coaches, and school boards ride an emotional roller coaster throughout the year. A handful of states cancel fall sports completely, while others delay the season's start or move fall sports to the spring. Parent protests often convince local governments to reverse unpopular decisions. Although many states do not initially change fall schedules, COVID-19 outbreaks lead to unplanned delays.

SPORTS

MAN OF IRON

Special Olympics athlete Chris Nikic becomes the first person with Down syndrome to complete a full Ironman. Competing in the Ironman Florida, 21-year-old Nikic swims 2.4 miles, bikes 112 miles and runs a full marathon (26.2 miles), despite falling off his bike and being attacked by ants at a rest stop. Ironman's Facebook page live-streamed the last two miles of Nikic's run.

NCAA FOOTBALL CHAMP

Alabama dominated Ohio State 55-24 in the January College Football National Championship. The undefeated No. 1 Crimson Tide, led by Heisman Trophy-winner Devonta Smith, who scored three touchdowns, won their 18th national title.

FAN SUBSTITUTES

COVID-19 social distancing restrictions limit professional and college sports stadium attendance, and teams come up with creative alternatives, including stuffed animals and cardboard cutouts. Fans can purchase "season tickets" allowing them to display their images on cardboard cutouts in the seats.

STANLEY CUP

NHL playoffs are postponed to September, then limited to two locations in Canada, Toronto and Edmonton, due to COVID-19. The Tampa Bay Lightning win the Stanley Cup in a 2-0 Game Six victory over the Dallas Stars, achieving a 4-2 record in the best of seven series. Tampa Bay defenseman Victor Hedman was named Series MVP.

NBA CHAMPIONSHIP

LeBron James wins his fourth Finals MVP award, tying Michael Jordan for that record, after a win over the Miami Heat. The Lakers win follows a tough year with the loss of former team leader Kobe Bryant. The team dedicates the season to him.

LITTLE LEAGUE WORLD SERIES

For the first time in 73 years, Williamsport, PA, does not host the Little League World Series, due to COVID-19.

SPORTS

MLB WORLD SERIES

Concluding the shortest MLB season on record, the Dodgers win the World Series after the Tampa Bay Rays make a controversial pitching change in Game 6, breaking Blake Snell's momentum in favor of reliever Nick Anderson. Mookie Betts slides home to give the Dodgers the go-ahead 2-1 run and the Dodgers win 3-1. COVID-19 impacts both teams, pulling starting Dodgers third-baseman Justin Turner out in the 8th inning after a positive test result but sending Rays Randy Arozarena back in to hit a first-inning home run.

MLS SEASON ADAPTS

COVID-19 challenges plague Major League Soccer, starting with a temporary shutdown two weeks into the season. Despite regular testing and requirements to wear a mask if exposed, multiple games are postponed or cancelled due to positive COVID-19 tests. Game cancellations lead the MLS to determine playoff spots based on points per game rather than win-loss standings. MLS Cup Match takes place Dec. 12 between Columbus Crew SC and the Seattle Sounders. Columbus Crew wins the Cup 3-0.

WNBA CHAMPS

Sweeping the Las Vegas Aces in a best-of-five series, the Seattle Storm wins the 2020 WNBA Championship in an unprecedented season. The teams played season games in the Bradenton, FL "wubble" (WNBA bubble). Forward Breanna Stewart, who missed the 2019 season due to a torn Achilles tendon, was unanimously voted MVP for the championship series.

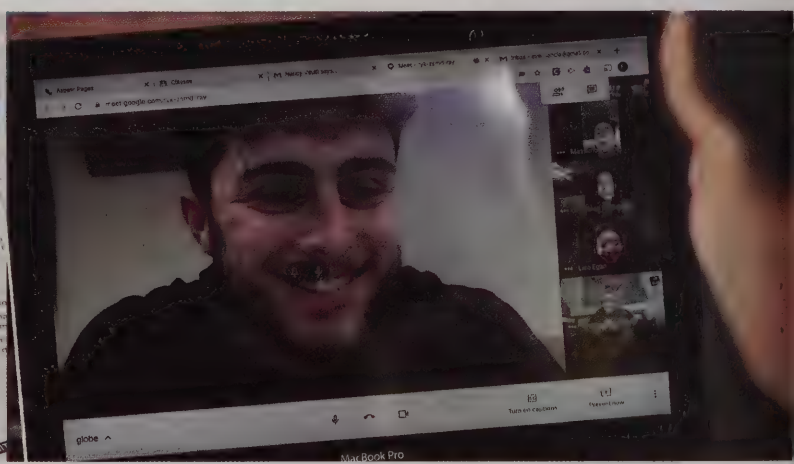

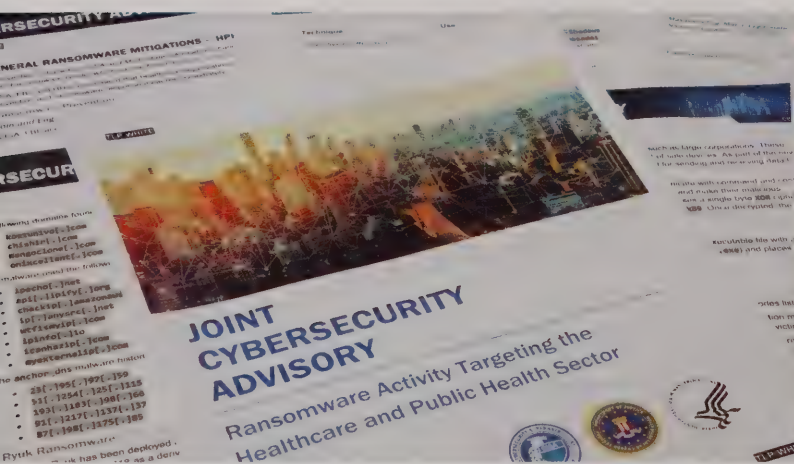

TIK TOK DODGES BAN

Concerns about national security leads President Trump to threaten to prohibit Chinese-owned TikTok downloads starting in November. Oracle proposes taking over ownership of TikTok U.S. data, and negotiations continue through the fall. Two federal district court judges rule that Trump's emergency economic powers are not sufficient.

U.S. SUES GOOGLE

The U.S. Department of Justice files a lawsuit against tech giant Google after a Congressional report accuses Google, Twitter, Amazon and others of using monopoly powers. The DOJ claims that Google has illegally paid computer manufacturers billions of dollars to choose Google as their default search engine and restrict rivals.

MICROSOFT NEUTRALIZES HACKERS

In December, evidence of the most sophisticated and far-reaching hack in years became public. A group of hackers known as "CozyBear" breached a trusted infrastructure supply chain. While Microsoft could not fix the damage already done, they were able to prevent further infiltration within four days.

HOME ENTERTAINMENT

With movie theaters shuttered and shelter-in-place orders common, home entertainment becomes more important than ever. Technology continues to enhance social gatherings as platforms like Zoom, video conferencing and the Oculus Quest virtual reality headset become more common.

TECHNE

SEE YOU ON ZOOM

The Zoom app goes from being a business-meeting app to an "everything" app in 2020, used for virtual learning, social gatherings, art performances, exercise classes, weddings and funerals. As of December 2020, downloading stats put Zoom far ahead of other apps like Skype and Google Hangouts and second only to TikTok.

NOBEL PRIZE

Doctors Jennifer Doudna and Emmanuelle Charpentier win the Nobel Prize in Chemistry for their work developing a gene-editing technique known as Crispr-Cas9. Crispr stands for "clustered regularly interspaced short palindromic repeats," a type of sequencing in DNA chains that facilitates bacterial immunity. The Crispr technique allows scientists to cut out and replace chain segments. This will enable repairs to flawed genes and prevent diseases, but the technique's potential to create inheritable edited genes in humans is controversial.

GAMERS' DILEMMA

Sony and Microsoft release their newest gaming systems on the same day, November 12th. Microsoft's Xbox Series X and Sony's PlayStation 5 both offer much faster loading times than their predecessors and are similarly priced at about \$500. However, Xbox Series X offers better backward capability, while PS5 offers a redesigned, more immersive controller. Which to buy? Depends on your game preference: *Halo* fans prefer the Xbox, while *God of War* fans want the PS5. Getting PS5 for the holidays proves so difficult that it inspires a *Saturday Night Live* skit.

MTV'S FIRST PANDEMIC AWARDS

MTV creates two special award categories for 2020: Best Music Video from Home and Best Quarantine Performance.

MASK TRENDS

While NIOSH-certified "N95" masks are the gold standard, they are unavailable to the general public for months. The urgent need for masks leads to countless creative designs and unending arguments about what the "best" masks are. Elastic loops? Ties around the head? One or two fabric layers? Filters?

AWKWAFINA MAKES GOLDEN GLOBE HISTORY

Awkwafina becomes the first Asian American performer to win a Golden Globe lead actress award, taking the prize for her performance in *The Farewell*.

SPOTIFY'S 2020 WRAPPED

For the second year in a row, Billie Eilish is Spotify's most-streamed female artist. Eilish is the first woman and youngest female to win the four main Grammy categories: Best New Artist, Record of the Year, Song of the Year and Album of the Year.

TIK TOK SISTERS

TikTok sensations Charli and Dixie D'Amello reach a combined net worth of over \$7 million. The sisters also launch a nail polish brand and partner with UNICEF on an anti-bullying campaign.
